

## Some of Our Partners:

**Pinnacle Training Group**—Developer of Proactive Frontline and other training programs designed to assist bank personnel to develop their sales skills.  
<http://www.pinnacletraininggroup.com/>

**Quest Analytics**—automated data mining technology uncovers hidden sales leads and delivers them in a form usable by management, your sales force, and support personnel—at the exact time the customer needs a banking product.

**Radius Trak**—gives investors access to community bank properties on a nationwide database and accommodates aggregation of assets pooled from several sources for bulk purchases.  
<http://www.radiusoreo.com/>

**UPLEX Global**—sell performing or non-performing assets with no subscription fee on an auction platform using the latest in secure technology. Transaction fees paid at time of sale are some of the lowest in the industry.  
<https://www.uplexglobal.com/>

**ValuAmerica**—a fully compliant national vendor management company offering flood, valuation, title, closing, and settlement services since 1996.

### A Message from our President

In 30 plus years of banking I've been a Teller, originating Loan Officer, Chief Credit Officer, President of a multi-billion dollar bank, and CEO of a multi-state institution. I've brought double-digit growth to small and large organizations in the Northeast, Southeast, Southwestern and Pacific coast regions of the U.S. where I've worked. Besides having a passion for finding ways to increase loan production, I understand a broad range of bankers' needs and want to be a part of the continuing development of the successful community bank model. As President of CBSS, I am excited about being able to deliver solutions to the issues that most 'keep you awake at night'. Please feel free to call me to discuss how we can help you.

*-Don Macaulay*
